RE: CULVER, Jerry Wayne  
Register Number: 11785-002  
Docket Number: 2:05-cr-213-MEF

Dear Judge Fuller:

In accordance with your Court Orders of June 16, 2006 and February 14, 2007, further psychiatric evaluation of Mr. Culver has been completed.

It is our opinion that Mr. Culver is not suffering from a mental disease or defect as a result of which his release would create a substantial risk of bodily injury to another person or serious damage to the property of another. I have enclosed the report prepared by our staff reflecting these opinions.

If you require additional information or clarification of issues presented in the attached report, our clinicians are available by phone or video conferencing. Unfortunately our budget does not include funding for travel, therefore, if a clinician's presence in court is required, we will have to request reimbursement of expenses.

The United States Marshals Service have been notified for Mr. Culver's return to your District Court for further legal proceedings.

If we can be of further assistance to the Court in this or other matters, please do not hesitate to contact me.

Sincerely,

A.F. Beeler, Complex Warden

RE: CULVER, Jerry Wayne  
Register Number: 11785-002  
Docket Number: 2:05-cr-213-MEF

Dear Judge Fuller:

In accordance with your Court Orders of June 16, 2006 and August 2, 2006, a psychiatric evaluation of Mr. Culver has been completed.

It is our opinion that Mr. Culver is suffering from a mental disease or defect rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings filed against him or assist properly in his own defense, nor is there a substantial probability that his competency will be restored in the foreseeable future. I have enclosed the report prepared by our staff reflecting these opinions. If the Court agrees with our opinion, Mr. Culver is subject to Title 18, U.S.C., Section 4246 and should be returned to the custody of the Attorney General for designation to a Medical Referral Center to undergo a risk assessment pursuant to the above statute.

If you require additional information or clarification of issues presented in the attached report, our clinicians are available by phone or video conferencing. Unfortunately, our budget does not include funding for travel, therefore, if a clinician's presence in Court is required, we will have to request reimbursement of expenses.
